Chinese Journal of Aeronautics

Welcome to the online submission and editorial system for *Chinese Journal of Aeronautics*.

Chinese Journal of Aeronautics (CJA) is a peer reviewed, bimonthly, academic magazine in English which publishes papers of outstanding scientific and technological work. The main aim of the Journal is to report the scientific and technological achievements and frontiers in aeronautic engineering and astronautic engineering, in both theory and practice, such as theoretical research articles, experiment ones, research notes, comprehensive reviews, technological briefs and other reports on the latest developments and everything related to the fields of aeronautics and astronautics, as well as those ground equipment concerned. The scope of the Journal is considerably wide, including

1. Fluid mechanics and flight mechanics
2. Solid mechanics and vehicle conceptual design
3. Avionics and autocontrol
4. Material engineering and mechanical manufacturing
